

pipeline. Instantly, 70 people in Fallon County, Montana, were out of their jobs.

This project would provide 12,000 American jobs and had already created 200 jobs in Montana alone. This picture beside me was taken in Fallon County, one of the areas the Keystone XL pipeline would have gone through. This empty lot would have been a housing complex for 1,200 workers, who would have contributed significantly to the local economy in Baker, Montana, a small town of 1,800 residents.

The cancellation of the pipeline deals Fallon County a loss of \$7 million per year in tax revenue that would have been used to invest in schools, roads, and other public projects. As Fallon County Commissioner Steve Baldwin said: "The cancellation for the XL pipeline will further exacerbate our already weakened economy. President Biden has an opportunity to signal that access to good-paying jobs is truly a priority for his administration."

So my question is: Where are the jobs?

PLACATING THE LEFT

(Mr. ARRINGTON asked and was given permission to address the House for 1 minute.)

Mr. ARRINGTON. Madam Speaker, why would President Biden, with the stroke of a pen, in the middle of one of the worst recessions and economic recoveries, destroy thousands of good-paying pipeline jobs and the livelihoods and future of hardworking American families? Well, for the same reason he has imposed his open border mandates that have created an unprecedented crisis at our southern border. He is placating the left. He is putting them in charge. And he is allowing them to drive their radical agenda to transform our economy, our values, and our way of life.

Gaylord Lincoln, a pipeline mechanic from South Dakota, said it best: "Come down here. See the destruction you caused. See the pain of job loss. You took our chance to have a decent life with a stroke of a pen. It is all BS in Washington. They are playing with our lives."

Mr. Lincoln is right; it is BS. They are playing with their lives, and this President is leading the charge.
